

Group Supervision, IPR and Consultation

Fall semester September to December 2022 (40 hours):

Supervisor-Educator: Karen Fox, BA, MDiv, RP

Each week from September 2022 to December 2022, the students will meet two and a half hours one evening in a small group with our Canadian Association for Spiritual Care (CASC/ACSS) Certified Supervisor-Educator. Karen is also a registered psychotherapist. She has extensive experience in geriatric and palliative care serving in multi-faith hospital and community environments and teaching and supervising (CASC/ACSS) students in clinical work in Clinical Pastoral Education Units accredited by CASC/ACSS.

In these meetings, students will participate in case conferences, peer supervision and consultation, ethical and spiritual reflection, theory building, and reflecting on the “safe and effective use of self” (i.e. interpersonal relations) and other competencies for practice as a spiritual care practitioner and Buddhist counsellor/psychotherapist.
